HIGH PERFORMANCE WATERJET CUTTING BOARD

SAFETY DATA SHEET

Regulation (CE) N° 1907/2006 (REACH)

9. PHYSICAL AND CHEMICAL PROPERTIES

Form	Honeycomb panel
Physical aspect at 20°C	Solid
Color	White
Odour	Odourless
Melting temperature	Polypropylene: 150°C to 170°C / Polyester : 225°C
Ignition temperature	> 350°C
Solubility in water	Insoluble

10. STABILITY AND REACTIVITY

Stability	Stable in normal use
Conditions to avoid	Avoid the proximity of flames or sparkles Do not warm more than 100°C
Hazardous decomposition products	May release toxic gases (CO, CO2) on combustion or thermal decomposition (pyrolysis)

11. TOXICOLOGICAL INFORMATION

These products are articles, which in their marketed form are not considered dangerous by ingestion, inhalation or skin contact.
When used and handled according to specifications, the product does not have any harmful effect according to our experience and knowledge

12. ECOLOGICAL INFORMATION

The product has no known special effect.

13. DISPOSAL CONSIDERATIONS

Elimination of waste : The product needs no special disposals, follow only the official regulation.

14. TRANSPORT INFORMATION

These products are not classified as dangerous goods within the meaning of international transport regulations.

15. REGULATORY INFORMATION

These products are articles in accordance with Article 3.3 of Regulation (EC) no. 1907/2006 (REACH). These articles do not contain substances intended to be released under normal or reasonably foreseeable conditions of use.

Therefore, the substances contained in these articles are not subject to a registration requirement in accordance with Article 7.1.

Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

16. OTHER INFORMATION

Phrases mentioned in section 3	H412: Harmful to aquatic life with long-lasting effects
	H318: Causes serious eye damage

The information contained is based on our knowledge of the product at the date of publishing and it is given quite sincerely. The references to legislative, regulatory and codes of practice documents cannot be considered as exhaustive. Users are advised of possible additional hazards when the product is used in applications for which it was not intended. It is the responsibility of the person receiving the product to refer to the totality of the official documents concerning the use, the possession and the handling of the product. It is also the responsibility of the handlers of the product to pass on to any subsequent persons who will come into contact with the product. (usage, storage, cleaning of containers, other processes) the totality of the information contained within this safety data sheet and necessary for safety at work, the protection of health and the protection of environment.
